

COURSE DATA SHEET

COURSE OVERVIEW

SilkTest is a functional automated testing tool with different interfaces for you to create scripts against your application. This course focuses on the Workbench interface, and is designed to teach you how to use the Visual Testing component of SilkTest.

Upon completion of this course, you will:

- › Be able to create a new Visual Test.
- › Know how to edit the Visual Test to add validation and logic.
- › Be able to create data driven Visual Tests.
- › Know how to playback automated tests, and understand the results.

PREREQUISITES

- › Experience working in a Windows environment
- › Experience navigating a GUI environment
- › Testing web or GUI application manually or with another automated test is preferred.
- › Knowledge of testing techniques is helpful.
- › Knowledge of structured programming and scripting techniques is helpful.

TOPICS

- › Module 1: Introduction to SilkTest 2010 Workbench
- › Module 2: Tour of the User Interface
- › Module 3: Projects and Users
- › Module 4: Assets
- › Module 5: Recording a Visual Test in the Silk Workbench
- › Module 6: Object Recognition
- › Module 7: Decision and Repetition Logic
- › Module 8: Verification Logic
- › Module 9: Using Data in Visual Tests
- › Module 10: Debugging Visual Tests and Error Handling Logic
- › Module 11: Test Playback and Result Analysis
- › Module 12: Introduction to .NET scripts
- › Module 13: Database Maintenance and Configuration
- › Module 14: Putting it all together

COURSE FORMAT / AVAILABILITY

This course is available as both a self-paced Web Based Training and as a 3 day Instructor Led Training engagement.

WEB BASED TRAINING

Duration

- > 31 Days Access

Format

- > Delivered via web
- > Video-Based instruction and demonstration
- > Hands-On Exercises

Requirements

- > SilkTest (Trial or Licensed)
- > Modern Web Browser
- > Flash 10+
- > Computer Speakers / Headphones
- > Broadband Internet (slower connections possible but will require additional wait time for video content)

How to Order

- > Contact your Sales Representative
- > [Visit our Training Store for instant access!](#)

INSTRUCTOR LED TRAINING

Duration

- > 3 Days

Format

- > Instructor Led Training

How to Order

- > Contact your Sales Representative
- > [Contact Micro Focus Education Sales](#)
